

We have you covered!

CAP 2 – Extended Warranty

DeLaval brand consumables have been tested to work with and optimize the performance of your VMS. CAP 2 protects your investment with an extended warranty simply by agreeing to purchase DeLaval brand consumables for all of your VMS requirements. So long as you purchase DeLaval brand consumables for your VMS, the terms of DeLaval's extended warranty will apply.

Warranty

VMS Extended Warranty applies.

DeLaval VMS™ Customer Assurance Program – CAP 2

Terms & Conditions

- An appropriate customer representative shall attend DeLaval's Robotic Operator Training at DeLaval's facility
- Customer shall follow good management practices with respect to the equipment and its operation
- When Services under this Program are required, the customer shall comply with set protocols related to preventive maintenance and emergency service
- In an effort to improve the level of support, customer grants Dealer and DeLaval Consent for Remote Access and Data Collection
